Footnote: This list is based on the India-based headcount of firms with IT-ITES operations in India, as reported to NASSCOM in its annual survey. Based on publicly available information, few other MNC's such as HP, Convergys, Accenture and IBM would have also featured in this list. However, as they have not participated in the survey, we do not have all the required details and are unable to rank them. Most companies on this list are engaged in IT as well as ITES. Companies marked with an * indicate pure-play BPO firms.
